

The more important mistakes noted in these more recently purchased books are as follows:

- Page XIV: In the first line:
 - The word “proven” should be “**provers**”.
- Page XIV: In section b):
 - Instead of “117 +1-43 minutes,” it should read “**117 +/- 43 minutes**”.
- Page 38: Paragraph 8:
 - Instead of “3Vi years,” it should read, “**3 1/2 years**”.
- Page 39: Stomach cancer:
 - The first line reads to take one dose of *Arsenicum album* 3C 13 minutes before food. It should be **15 minutes** before food.
- Page 53: Benign Liver Neoplasm
 - Change the heading “Second Line Medicines” to “**First Line Medicines**” and “Third Line Medicines” to “**Second Line Medicines**”.
- Page 53: Benign tumors of the stomach:
 - The first line reads *Conium maculatum* 1000C in liquid.
 - It should be ***Conium maculatum* 3C, two doses daily**.
- Page 60: Complications for blood transfusions:
 - Instead of the headings being, “First Line Medicines, Second Line Medicines, and Third Line Medicines,” those headings should be, “**For Fever**”, “**For Allergic Rashes on Body**”, and “**For Fever and Chill**”, respectively.
 - Under the information for Allergic Rashes on Body, *Arsenicum album* is misprinted as 299C. It should be ***Arsenicum album***
- Page 64: Dacryocystitis:
 - In the First Line Medicines, it should read “***Silicea* 200C, one dose every alternate day.**”
- Page 78: Frozen shoulder:
 - The medicine mentioned in both the first and second line medicines should be **Hypericum perforatum**, not “flypericum.”
- Page 81: Gastrointestinal Diseases: Dyspepsia, Nausea and Vomiting:
 - In the second paragraph, change “FT pylori” to H.pylori.
- Page 86: Hirsutism and Virilization:
 - In the First Line Medicines, the “O” after *Sabal serrulata* should be replaced by the symbol for mother tincture — ***Sabal serrulata* ∅**.
- Page 108: Pyogenic hepatic abscess
 - The first-line medicines’ instructions should read **one dose every 3 hours alternately** (after *Carduus marianus* ∅).
- Page 139: Line 5
 - Should read “**4. *Glonoine* 30C, two doses daily**”.
- Page 141: In the next to last line:
 - Instead of “1A”, it should say “**1/4 of the doses every month**”.
- Page 155: Seventh symptom down:
 - It should read, “**Problems due to severe air pollution — eye (Keratoconjunctivitis)**”

In addition, here are some minor typos and missing punctuation that don’t affect the meaning of the sentence or the accuracy of protocols:

- Page 5: In the last line of the second paragraph:
 - Instead of “rbe” it should say “the”.
- Page 12: The last sentence of the next to the last paragraph (above the images):
 - Should read, “No mass lesion is evident ...”.
- Page 19: Lung Cancer: Case Study 1

- Should read, “— Broncho alveolar congestion lateral and posterior basal segment of left lower lobe ...”.
- Page 31: Our statistics:
 - Should read “Improved/Static”.
- Page 33:
 - Last sentence should end with a period.
- Page 34: The next to last paragraph:
 - Should end with a quotation mark, as “— MALIGNANT NEOPLASM ...”.
- Page 35: Second paragraph:
 - Quotation mark missing. Should read, “... There is no filling defect in the esophagus ...”.
- Page 38: Line 1
 - Quotation mark missing. Should read, “... a well defined eccentric lesion in metaphysis with sclerosis at edges – ? fibrous cortical defect/aneurismal bone cyst/lymphoma ...”.
- Page 41: Line 2:
 - Period is missing at the end of the sentence.
- Page 42: Second paragraph, line 2:
 - Period is missing at the end of the paragraph.
- Page 43: Fifth paragraph under Transitional Cell Carcinoma of Bladder: Case Study:
 - Quotation mark is missing before “... no mass in urinary bladder ...”.
- Page 54: Breast Abscess:
 - First line, second sentence, the first word should read, “It” not “I”.
- Page 119: Systemic Lupus Erythmatosus (SLE):
 - Typo in the second line — the correct word is “predominantly”.
 - In the last line of the same paragraph, a space is missing between “and” and “certain” and “play” and “some”.
- Page 139: Line 6:
 - Instead of “constandy”, it should read, “constantly”.
- Page 147: Second paragraph under Uterine Tumor:
 - A quotation mark should be placed in front of “... a large SOL (10.5 cm x 7.4 cm)”.
- Page 151: Third line:
 - Instead of a “-” there should be a period after (1800 A.D.).
- Page 161: Last line of references:
 - It should read, “P161-4”, not “PI61-4”.
